Dear Mr. Scharf:

Congratulations on winning the Silver Award in the Housewares category for the 1992 Best New Canadian Product Award. The "Enroll System™ E-ZEEWRAP®" was one of more than 60 products judged for this award and is certainly deserving of such an honour.

This very prestigious award is seen as opportunity to recognize those Canadian manufacturers who have devoted so much time and effort in their search for new and innovative products.

On behalf of the Canadian Hardware & Housewares Manufacturers Association and its members, we wish you every success with the "Enroll System™ E-ZEEWRAP®"

Sincerely,

Carolyné Vigon
Assistant Executive Director
